

Volunteer Opportunities

No matter what your skills or special talents, or if you'd like to learn something new, there is a volunteer opportunity to suit your interests and your physical abilities. We always need bilingual volunteers.

Backroom – volunteers accept donations of clothing and household items. The clothing donations are then organized and sorted by department (children's, women's and men's). The clothing is then hung up on racks by category.

Store – volunteers restock the store with clothing, household goods and toys. Volunteers can also be trained to work with our clients at the registration desks and in our resource office.

Office – volunteers work in various administrative positions performing bookkeeping, marketing, grant writing and client scheduling tasks.

Childcare – volunteers will provide childcare in our playroom while our clients shop in the store or attend classes in our classroom.

At home - options range from presorting and sizing to online help with emails, community events and appointment vetting.
